The opportunities to create a unique, memorable meeting experience are restricted only by the limitations of the imagination. Consider the Sitka Convention & Visitors Bureau your liaison between a successful event, and a renewing experience for your delegation.

Sitka, often referred to as the "Paris of the Pacific", combines a treasure of Native Culture, Russian, and American history, and unparalleled Alaskan wilderness. Located on an Island, halfway between the major transportation hubs of Anchorage and Seattle, Sitka offers daily jet service to these cities and others.
